HOD - ECE

EC News letter

2022-2023

INSTITUTE VISION

To be a Global Leader in Imparting Quality Technical Education to produce competent technically innovative Engineers imbued with research aptitude, Entrepreneurship and Social responsibility.

INSTITUTE MISSION

- i. To Nurture the Students with Fundamental Engineering Knowledge enriched with technical Skills.
- ii. To Create Conducive Environment to nurture innovation and interdisciplinary Research.
- iii. To Develop Professionals through Innovative Pedagogy Focusing on Individual Growth, Discipline, Integrity, Ethics and Social Responsibility.
- iv. To Foster Industry Institution Partnerships Leading to Skill Development and Entrepreneurship

DEPARTMENT VISION

To strive towards excellence in electronics and communication engineering through Teaching, experimental learning and research to meet industrial and societal needs.

DEPARTMENT MISSION:

M1: To provide appropriate facilities and environment for effective teaching-learning process.

M2: To create interdisciplinary research ambience and nurture innovative and research skills.

M3: To incorporate interpersonal skills, professional integrity, ethics and societal responsibility.

M4: To imbibe entrepreneurship skills and leadership qualities.

shutterstock.com · 1777337453

ABOUT DEPARTMENT:

The Department of Electronics and Communication Engineering has been playing a vital role in producing quality engineers ever since it was established in the year 2007. The department runs one under graduate program and two post graduate programs to cater to the ever – changing needs of technical excellence in all areas of Electronics and Communication Engineering such as VLSI & Embedded Systems, Telecommunications, Signal Processing etc. The intake for Under Graduate Program (B.Tech) is 120. The department also offers Post Graduation programs with specialization in Digital Electronics and Communication Systems (DECS) with an intake of 18 and VLSI & Embedded Systems Design with an intake of 24.

PROGRAM EDUCATIONAL OBJECTIVES:

PEO1: Graduates of the program will have strong fundamental knowledge in electronics and communication Engineering, analytical, critical reasoning and problem-solving skills to develop innovative solutions (Continuing Education).

PEO2: Graduates of the program will be professionally progress in electronics, communication, signal processing, VLSI, embedded systems and related areas with an inclination towards R&D and lifelong learning (Excellence in Career).

PEO3: Graduates of the program will have entrepreneurship skills, leadership qualities to work with Diversified team in multidisciplinary environment (Leadership and Multi-disciplinary).

PEO4: Graduates of the program will be professionally deft and intellectually adept to develop solutions to complex engineering problems with professional ethics and societal responsibility.(Contribution to Society).

PROGRAM SPECIFIC OUTCOMES:

PSO1: Design problems related to Electronics, Communications, Signal processing, and VLSI and Embedded systems.

PSO2: Analyze and solve the complex Communication Engineering problems in architecture design and computer networking.

PSO3: An ability to use modern software tools to analyses, synthesize and evaluate VLSI and Communication engineering systems for Multidisciplinary.

Message from the Chairman

It's been a real pleasure to know that the Department of ECE is hosting their first ever National Level Technical Symposium "NEWS LETTER", and I' am glad to hear that it is being organized wholly for the students with guidance of the staff members. Such combined effort is always encouraged and bring out good results.

The Department of "Electronics and Communication Engineering" has always conducted activities which help in Development of students into leaders; I hope "NEWS LETTER"2022-2023 is a huge success and adds the history of the department

With Regards

Dr. K.V. Subba Reddy, Founder&Chairman,

Dr.K.V. Subba Reddy Institute of Technology,

Kurnool-518218.

Message from the Correspondent

I feel very proud that the Department of ECE is Organizing nation all technical symposium “NEWS LETTER on 2023. The 21st century is advancing rapidly by multipronged scientific inventions and discoveries in the Electronics and Communication Engineering is playing the vital role in all scientific developments. The has Com that without Electronics and Communication Engineering nothing is going to move I this universe. In this perspective the contribution the development of society by this department is vital in all sphere of life.

I heartily wish the staff and students of the department in their endeavor to bring in a house magazine which will otherwise contribute to the highest learning of this magnificent engineering.

With Regards

Smt.S.Vijaya Lakshamma,

Secretary & correspondent

Dr.K.V.Subba Reddy Institute of Technology,

Kurnool- 518218

Message from the Principal

In the ever-changing field of technical education, technology is moving at a very fast pace. What was breaking through yesterday is obsolete today. This has made it improve that future technocrats must be familiar not only with technical skills but also with the technology of tomorrow. I hope young engineers passing from this instigation will create difference in Indian and global scenario.

I expect my students to be sincere in their work. They should have never given up attitude and unquenchable thirst of know ledge. I am sure that this magazine will provide platform to students to sharpen their skills.

With Regards

Dr.J.Kanna Kumar,

Principal

Dr.K.V.Subba Reddy Institute of Technology,

Kurnool- 518218,

Message from the HOD

The Department of Electronics and Communication Engineering believe in imparting excellence in education by keeping our students in pace with industry demands. The department is equipped with best lab facilities having latest software and hardware to provide industry-oriented knowledge to our students. The Department consists of highly, energetic, dynamic, well-experienced, qualified as well as young faculty members who also work as mentors to turn students to professionals by grooming their technical skills as well as their innovative capabilities

With Regards

Dr.M.V.Sruthi,

ECE-HOD

Dr.K.V. Subba Reddy Institute of Technology,

ONE DAY VISIT TO BSNL:

KVSRRIT

The department of Electronics and Communication Engineering organized a one-day industrial visit Program to “BSNL VISIT” for III B. Tech I Sem students. The program was organized by HOD Dr. M. V. Sruthi and faculty members T. Vijay Kumar, K. Kishore Kumar, G.Vasanthi and Other Staff members. On receiving the letter of permission from BSNL, Kurnool, a group of 30 Students went for visit. The students divided into four batches and they moved for three Different blocks Named as Console block, multipurpose booth and antenna Section. One Section. Engineer is guided for each Batch. They explained all the details of the BSNL how they receive .Signals and how they transmit through. They also showed live programs to the students in the BSNL. Station. They showed us how they conduct a phone-in program with example. Students interacted with them and got their doubts clarified.
