

Distinctive features of Dr. KVSRLT

Our Institute is established as the 2nd Engineering College in Kurnool city which is the 1st corporation in the backward Rayalaseema region. Job opportunities were given to the educated youth in the local area along with some senior professors from all over India. The ruler students with poor communicative and technical skills were sharpened and brightened by taking personal care. Hostel facilities are provided with nominal charges to encourage study habits among such students from backward areas. Gurukula system, which is the ancient system of the country, is followed here. Several faculty members also reside with the students and help them promote their physical and mental health. Each student gets 1st hand experience of the life skills here. The chairman of the institute Dr. K.V. Subba Reddy who is a well-known educationist interacts with the students quite frequently. This institute promotes societal interaction through conduct of NSS activities and food distributions to the villagers who come to Kurnool to resolve their problems in the collectorate on every Monday. Moral education is made an essential part Yoga classes are arranged by Yoga Guru, Sri. T. V. Ratna Prasad and his team students are involved in social activities through Red Cross, Kurnool by participating in blood donation camps. In association with Lions Club of Kurnool, the students served the poor people during COVID-19 lockdown and in the event of fire accidents floods etc thus the students become responsible citizens.

Social Responsibility:

One of the Aims of Vaibhav Educational Society is to promote charitable activities to uplift the under privileged people with the MOTTO “To Serve the Hungry, Helpless and Orphans. Following are some of the activities conducted by Dr.K.V.Subba Reddy, Chairman of Dr. KVSRIIT during the academic years.

Dr K.V. Subba Reddy is providing FREE LUNCH for the people attending to program SPANDANA in RDO Office, Adoni.

Adoni region that is the western part of Kurnool District is the most backward region in Rayalaseema. Drought and famine break the back bone of the farmers. They throng the PrajaDarbar (Spandana) on Mondays to get ration cards, health cards etc. from the revenue authorities. One good meal helps them save a hundred rupee note. So, the management of Dr KVSRLT serves free lunch to such people.

Dr K.V. Subba Reddy is providing FREE LUNCH for the people attending to program SPANDANA in the collectorate every Monday.

Rayalaseema is always a famine hit backward area. Hundreds of people throng at the collectorate, Kurnool RDO offices at Adoni and Nandyal on every Monday to seek solution to their problems [land, ration cards, pending issues with revenue police etc....].such people travel from a distance of more than 100kms.they go back to their homes only by night. Such poor people cannot afford to spend Rs100/- per one lunch. So, the Management of Dr.KVSRIT made it a habit to serve lunch to such people all over the Kurnool [this photo is one such program.

FRESHERS DAY

Date:30.10.2021

The Fresher's Welcome Party, held on October 30th at the college open auditorium, brought together college seniors and juniors of all the departments. With the lighting of the ceremonial lamp, Dr. K.V. Subba Reddy Institute of Technology Faculty members and Chief Guest Chairman Dr. K.V. Subba Reddy were the first to participate in the event.

In addition to showing off their abilities and socializing with the more experienced team members, it was a fun-filled event for freshmen. Shortly after its premiere, the programme started off with a dance competition in which 16 teams competed. Singing, acting, skits, a costume parade, and other aspects were included in many rounds of the competition, adding a magical sense of fun and excitement to the event.

Independence Day Celebrations – 2019

On 15th August 2019, 72nd Independence Day celebration was held in Dr. K.V. Subba Reddy Institute of Technology, College ground. Our NSS wing participated in Independence Day. The Event started at 9.00 a.m. Around 40 volunteers took part in the Independence Day parade. The Independence Day was opened with a flag hoist by our principal, Dr. L. Thimmaiah, Dr. K.V. Subba Reddy Institute of Technology, addressing the gathering. Our honourable principals, members of the faculty and students were delighted with their wise words for the occasion. Prize were given various events winners. The celebration ended with national anthem.

International Women's Day

International Women's Day is celebrated globally to recognize the social, economic, cultural and political achievements of Women. On March 8 this year we have celebrated with great fanfare. It was a day to celebrate acts of courage, also marks a call to action for accelerating gender parity. This day is celebrated all over the world to increase awareness about women for their rights contribution, importance of education, and also it is one of the most important days of the year too. The correspondent, Mrs. S. Vijayalakshamma has addressed the gathering on this occasion. The words were very admirable. She also stressed on importance of women empowerment for bringing gender equality. After wards, there were cultural programs by students. The session closed with vote of thanks. Refreshments with high protein and iron were served to the participants.

Plantation of Trees

Dr.K.V.Subba Reddy Institute of Technology had organised the Tree Plantation in PeddaTekur village. The main objective of this camp was Tree Plantation. Today the world is facing environmental problems. Global warming, ozone, depletion and pollution are burning issues. Solution to these problems lies planting more trees. In this program, Smt.S.Vijayalakshamma, Correspondent of Dr. KVSRIIT group of Institutions, Dr.L.Thimmaiah Principal of Dr. KVSRIIT, NSS coordinator B.NagaNiranjankumar and hundred numbers of students were present.

Road safety and Traffic awareness Programme

To lead a quiet life, awareness of Traffic Rules is essential. The meeting was conducted to create awareness on traffic rules, the guests addressed the students. On this day Kurnool rural C.I Srinath Reddy and S. I of Ulindakonda PS H. Sharath Kumar Reddy visited our college and spoke on the rules and regulations of traffic. Road safety is one of the major concerns of the 21st century. In order to address this concern, the Road Safety week is celebrated all around the country. Traffic rules in India are important to ensure safety of everyone on the road. But sadly, the Indian roads are not safe anymore. The C.I said that driving on the roads is like driving to hell. He said that most of the time accidents happen because of negligence of traffic rules and regulations. He reported that obedience to the Road Safety Rules must be made a habit. Two-Wheeler Drivers must wear a Helmet and follow General Rules, and Direction Indicators. The following are some important general rules that should be followed by everyone while driving on the roads:

- Keep your Vehicle on left side
- Alert while turning on left and right
- Taking 'U' turn with attention.
- Overtaking and passing with care.
- Driving in and around intersections
- Keeping Important documents like
- Valid driving license
- Vehicle registration certificate (Form 23)
- Valid vehicle's insurance certificate
- Permit and vehicle's certificate of fitness (applicable only to transport vehicles)
- Valid Pollution under Control Certificate

The driver must be ready to show all the documents whenever a police officer demands them. Finally, the students interacted and got their doubts clarified.

Awareness Program on Role of women in society

Women have always been crucial to society. Women have a big part in the growth and development of the society and making it an evolved and contemporary civilization. There is a famous phrase of the Brigham Young that, “You teach a man; you educate a man. You educate a lady; you educate a generation.” Educating and providing authority to the women is of significant significance which has to be followed in the society to promote women empowerment and development of society. Because it is true that, if a guy is being educated and empowered, just he can be profited but if a woman is getting educated and empowered, complete family and society can be benefitted. Women had no personal opinion, no voice, and no independence. They were repressed by the social ideas of man. A woman’s acceptable position was always behind the macho form of a man. In the past a woman’s inferiority was not choice but imposed by older women, and/or coercion.

Women are increasingly accessing electricity even in remote places. In several nations presently women are the head of the state. Education has made women autonomous and they are no longer reliant on males to run their life. Business rules have changed to enable more women in the workplace and give them a comfortable atmosphere to work in.
